LETTER OF COMMITMENT

Participation in the H2020 Marie  
Skłodowska-Curie Innovative Training  
Network "SMARTHEP"

To whom it may concern,

I hereby certify that Radboud University of Nijmegen intends to participate in the SMARTHEP network, should the network be selected for funding by the European Commission. In this commitment letter, on behalf of Radboud University, I indicate the level of involvement of our institution to your programme.

Radboud University recognizes the importance of fostering fruitful exchanges between academic research and industrial applications in the strongly rising field of Data Science and also acknowledges the importance of offering to early stage researchers a programme in which they can learn skills ranging from a rigorous academic perspective as well as for connecting fundamental research with industrial applications.

The Radboud University of Nijmegen will ensure the PhD training of the ESR hosted by Nikhef is in line with all organizational and national requirements, in order to allow for the ESR to obtain his PhD based on the work executed in the frame of SMARTHEP.

We sincerely look forward to working with the network's dedicated and enthusiastic ESRs, and see great benefits and potential in the collaboration with the other project partners in the field of Particle Physics.

With kind regards

Prof. Dr. L.M.C. Buydens  
Dean

dr. J.W.M. Hulst  
Secretary

Cc Dr. C.F. Galea; Prof. Dr. O.B. Igonkina
